

Is Korean Flag Wrong On Flag Stamp?

Collector Proposes Souvenir Sheet Of Twelve Flag Stamps

By ENCEL H. DODGE

Here is a proposal that the Treasury department, Bureau of Engraving and Printing, issue a souvenir sheet of stamps in recognition of the stamp collectors of the nation, if for no other reason. There have been numerous printed guesses as to the number of collectors, the total ranging up to 10,000,000.

Why not a special sheet of 12 flag stamps, issued imperforate and ungummed? Every collector in the country would want and would buy at least one of the sheets at 60 cents, and figuring the number of collectors of United States stamps at a minimum of only 1,000,000 the receipts from sale of the stamps would put \$600,000 back in the government coffers, most of it clear profit.

The average American collector, however, would desire and would purchase more than one sheet. In fact many of them would buy well into the hundred of sheets, figuring the expenditures as an investment, and judging by the rapid increase in the price of special sheets heretofore issued by the Treasury Department, Bureau of Engraving and Printing, the average collector would make no mistake in laying away a number of sheets, in fact as many as he could conveniently buy.

Immediately following the close of the war there would be a tremendous demand for such sheets from the countries that have been honored by the issuance of the stamps.

If such a sheet should be issued it would be the hope of the stamp collectors generally that the printing be done through the awarding of a contract to the American Bank Note company, if the stamps were to be issued perforated. This company certainly did an excellent job of printing in connection with the production of the 12 flag stamps. The American Bank Note company has produced many stamps in three and more colors for other countries and those nations have been able to make a nice profit through the sale of the stamps.

The last souvenir sheet issued was the 10-cent green honoring the Society of Philatelic Americans on the occasion of the annual convention of the organization at Asheville, N. C., in August, 1937.

In 1933 the treasury department honored the American Philatelic Society with two souvenir sheets, a one-cent sheet made up of 25 stamps and a three-cent sheet made up of 25 stamps, the occasion being the annual meeting of the organization, held in Chicago in August of 1933.

There is no question but that a souvenir sheet of 12 of the flag stamps, imperforate and ungummed would meet with a great demand by stamp collectors generally and with far greater profit to the government than came from the sale of the two Chicago sheets even though the expense of producing the sheets would be higher.

STAMPS FOR SHUT-INS

Members of the Progressive Philatelic Society of Chicago have for many years past made it a practice to give stamps to worthy shut-ins and they have helped finance the project by the sale of an annual seal. Seals for 1944 are now ready, printed on white in red and blue. Six seals for 10c plus return stamped envelope. Address Mrs. Alice C. Westphal, 3008 N. Whipple St., Chicago 18, Ill.

\$6,200 Paid For Full Sheets '47 Reproductions In H. R. Harmer's Sale

A price of \$6,200 was paid for the set of unique sheets of the 1875 reproductions of the 5c and 10c 1847's in the rare U. S. sale held October 30, 31 and Nov. 1 by H. R. Harmer, Inc., 32 E. 57th St., New York. These sheets have been in Europe for the past 40 years, most of the time in the collection of Dr. G. J. Verburgt, The Hague.

The also unique full sheet of 100 of the 1c 1851 was sold for \$2,200 in this auction. A reconstructed sheet of 40 of the 5c New York Postmaster's stamp brought \$1,020.

An off-center used copy of the 15c 1869 with inverted center went for \$320. A mint block of six of the 24c 1869 realized \$500, and a block of four of the 30c \$750. A unique block of 15 of the 30c 1869 without grill sold for \$1,450.

Ezra Cole paid \$250 for a beautiful mint centered block of six of the 10c 1873, which catalogues \$290. A complete set of the 1895 issue imperforate and in horizontal pairs sold for \$505.

The total was \$29,504.

New Stamp Of France The Flood Is Coming

Last week we printed a description of one of the new Allied Military Government stamps that have been prepared for use in France, just as the issue was prepared for Italy. We referred to the illustration which did not appear. The cut had been given our printers but was apparently overlooked or mislaid. We now show an illustration of one of these stamps.

other new French issue which we have not yet seen pictured. This comes from Pvt. Merrill Ormes who is in the European sector.

We have no information as to the number of values in this set, but do have also a 1.50 Franc value in brown. The stamp illustrated above is in violet.

We are also advised that a new French set is being prepared in England. An illustration of one of

Same Nazi Stamps Used In All Of Occupied Europe

From Sgt. Melvin Schirmer, somewhere in France we have copies of a Nazi "POSTKARTE". This is a government printed Postal Card as we call them in this country. The card is printed in violet, has a stamp picturing a court yard scene with a statue in the middle, the German eagle with swastika in the upper left corner. At the base is the word "GENERALGOUVERNEMENT", all one word as is the German custom with so many of the right upper corner is the figure "12."

It is noted that the card does not bear the usual words "Deutsches Reich" as on German stamps and it bears no name of any other country. These cards are used universally throughout different occupied countries, thus one set of cards of various denominations can apply for any territory. Rather a practical idea, to save production of different cards for each section, but a definite black-out of the country in which the cards are used. Naturally, the place from which used is identified by the Post Mark. The card at hand was posted at Lublin in Poland, addressed to Basel, Switzerland.

From the same correspondent we have a pair of large size stamps somewhat similar to the Hitler Birthday Stamp, SP101. These bear the figure "12" but nothing indicates whether this is for Marks of Pf. The word "Deutsches Reich" and Generalgovernment" are in two lines across the base. The stamps are purple in color. These are also evidently used in any occupied territory since this pair is canceled at "Lublin".

A stampless cover bearing the written inscription "Feldpost" and postmarked at "Wein" is also at hand. This bears a circular handstamp with the German Eagle and Swastika.

1944 Sepad Exhibition To Be December 1, 2 & 3

Preparations are about complete for the 1944 Sepad National Stamp Exhibition to be held in the Bellevue-Stratford Hotel, Philadelphia, Pa., December 1, 2 and 3 at the same time as the Tenth American Philatelic Congress. An entire floor of this large hotel has been engaged which will afford ample space for what is expected to be the largest display of stamps ever shown in this city; also room for bourse tables and a convention post office.

An appropriate seal has been designed and will be on sale at the time of the show; also a new 1944 exhibition meter slogan as well as a special cancellation from the convention post office located on the exhibition floor. Information regarding each may be obtained by writing to Mrs. Margie V. Wamsley, 1334 Stevens Street, Philadelphia 24, Pa. who will be in charge of seals, slogans and cancellations.

Sources Of Information Disagree On Whirligig And Chop Marks Shown On The New Korean Flag Stamps

Just as we are ready to go to press, further information which leads to the belief that the Korean Flag as pictured on the new stamps is wrong, has come to our office. The story below was written November 9th. Read it and watch for more details next week when we will publish some illustrations and more new facts concerning this possible error in picturing the Korean Flag which should be square rather than oblong and must have a definite arrangement for the design which may be wrong on the stamp now issued.

Hints And Suggestions To Auction Bidders

To make life a bit more pleasant for the Auction Dealers, I suggest:

That Bidders who expect to have lots sent promptly after a sale, give a good credit reference or some dealer, who extends him credit. It is surprising that quite a number of new bidders in each sale give no credit information. Would any Department Store or Merchant send merchandise to an unknown on credit?

Some references say "Any Bank or any Dealer". This is too indefinite. We do not know the names and addresses of thousands of banks in hundreds of towns and no collector has credit with every dealer. We cannot spend six cents per dealer to a dozen dealers to ascertain if he knows the party. Some say "S. P. A. or A. P. S. Member" but do not give their membership number, which is necessary for a quick check-up.

It is also advisable for the bidder to both print and write out his name and print his address. Some write a poor hand which the average person cannot decipher. Some expect credit by saying "they are a member of their local stamp club." No dealer has the membership list of hundreds of local clubs and this is seldom an acceptable reference for \$50.00 or more credit, anyhow.

The above, from M. Ohlman of New York will doubtless meet with the approval of other Auction Dealers.

New Orleans Society Holds Successful Show

Unique and varied exhibits in arrangement and design were featured in the display of postage stamps at the Friday meeting of The Philatelic Society of New Orleans in the Monteleone hotel.

First prize was awarded Ruben Modern for a frame arrangement "War and Peace in Stamps." Second award went to Leonard V. Huber for pages of the 3 cent Green of 1870-1872. Third prize Miss Elvira Heitman stamps of Belgium. Special Mention L. P. E. Giffroy A to Z in Stamps, and fancy block arrangement.

Others exhibiting were C. A. Wagner Jr. "NEW ORLEANS Postmarks," Miss Mary A. Pagand, British Colonies; F. N. Billingsley "Buchanan" cover; George D. Hood U. S. First Day covers, "Win the War" series; Louis O. Rouning, Central America; Dr. Joel B. Gray "Sports" Red Cross, Zeppelins; Edgar M. Christy, Austria and Hungary.

Korean Flag Stamp Offers Opportunity For Real Research

Receipt of First Day Covers with the new Korean Flag stamp has proved the old statement that collectors do study their stamps for a sight of the stamp brought forth the magnifying glass and a close examination.

On the other hand we had cacheted envelopes in colors, which pictured the flag but hardly gave them a second look. Now that we have the stamp, we note the flag on it and thought to compare this flag with that used on the cachets of various publishers.

The first thing we found was that no two flags agreed in arrangement of the central figure or in the arrangement of the small line marks in the corners of the flag.

Certainly, there must be a right and proper arrangement for the "whirligig" pattern in the central circle as well as for the small line marks in the corners.

It is of course conceivable that the artists who made the various cachet designs may have taken a hurried glance at the flag as pictured in some book and dashed off their drawing which seems to be a very simple pattern, yet again, there must be a right and wrong arrangement and why not have it right.

Local information through the Library here is nil. A very good article is in the stamp column of James Waldo Fawcett, but this article carries no illustration of the flag but does give a very detailed description with regard to the four corner markings. These markings as explained and as their positions are recorded do not agree with those shown on the stamp. The two markings in the upper left and lower right corners are as shown on the flag while the two in the upper right and lower left corner are transposed on the flag stamp.

We note also in the article by Mr. Fawcett that the colors of the flag of Korea are red and black on a white field. The stamp as issued are red and blue on a white field.

We call attention to this solely because we would wonder if the article by Mr. Fawcett is correct as to colors and if so, why has the Postoffice Department chosen to change those colors.

Go to your local library or to your college library and start a little research work of your own.

THE BOYS WERE MARCHING

At the annual meetings of APS and SPA it was decided that the two organizations would sponsor a committee working jointly for the gathering and distribution of stamps and accessories for service men, wounded in action, or other wise, who are in hospitals. Since those meetings I have seen the names of various area chairmen who have been appointed to gather in these stamps. What I have been patiently waiting to read, and without success, have been some of the boys who are able to write so prolifically on the dot in the 1876 24c stamp of India, or the Premier Gravure, or the envelopes of the U. S. or those who have nothing else to do but sit at their typewriters all day and pick quarrels on the stationary of the 20 organizations of which they are president, secretary, or on the 11th committee from the bottom; to come out and make a strong plea for some real stamps for those boys.

It so happens that I belong to a small organization that has privately done some distributing of stamps to these men in hospitals and I know the need for this material, so pardon me if I am an ignoramus about the finer points of philately, but bear with me while I tell you what the boys can use. Some of these service men and women were stamp collectors as kids and have a smattering of knowledge about stamps. Others were collectors before they entered the services and have sent for their collections. The bulk of them know nothing about stamps.

For the past two years some of us have been doing war work of one kind or another. Some of us haven't. For your information, and no credit to myself, I have been doing essential war work, and did not get into a uniform because I hovered on the brink of the age limit. What I started out to say was—most of us have been making a lot of money, heaps of it. We've been working in war plants, essential jobs, etc. The stamp dealers have given generously (some of them) to the Red Cross, the USO, etc.

Now we are asked to give stamps to the boys in hospitals through organized committees. If the stamp dealers will think for a moment, they will realize that they may be interesting a lot of men and women in collecting by giving properly, so that when these boys and girls are released they will be brand new customers.

Your daily newspapers are afraid to tell you the true stories of what has gone on in these hospitals. It doesn't make for good "family" reading. But I'll tell you. While we were making all the money we have today, these boys and girls slithered through sleet, snow, rain, muck and mire. Some of them were killed. Some of them were torn by shrapnel, by flying bits of metal, bullets and other horrors of war. Now they are back. One or two legs gone. One arm gone. If both arms are gone, they won't need your contribution of stamps for awhile. Eyes, noses, mouths, ears and parts of heads and chests shot away. Men whose minds wander, men who are blind. Men who will never speak again, never hear again. Not a pleasant story, eh? Maybe it shouldn't be told in Linn's either. But it is, and I'll tell you why it's here. It's to tell you that when you are approached for a contribution of stamps and accessories, I pray for your soul if you dig down and bring out the heavily cancelled items that you were going to throw away anyway. Forget that packet material from Austria and Hungary and Germany and Japan and all the rest of the Balk-

an States. It isn't necessary to donate sets of Zeppos, or fancy priced air mails or mint sets of Columbians. But it is necessary that you donate clean, good looking, attractive, bright sets of stamps, or singles.

Used and nicely cancelled stamps will do the trick, too. But don't go down into the basement and fish out a batch of those albums from 1923 that on one wanted, and don't send any of those high sounding books on stamps, which would only interest a student of philately. Open up your set books and start donating sets that retail anywhere from 15c to \$1.00, not one set, but plenty of them, then even though hinges are scarce, send plenty of hinges. Inexpensive but up-to-date albums will be acceptable. You have a flock of U. S. Commems which still won't sell for more than 4c? Then send those a-long. But send, and send and send. And don't figure that you're giving anything. You're not giving a thing. Because if it hadn't been for those girls and boys in hospitals all over the United States, the enemy might have block busted your whole shop with all the fancy stamps and the hinges and albums into eternity.

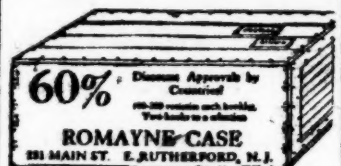

Every dealer knows what happened to his fellow dealers in London. They were wiped out. You're in business and you're prospering. Now you get-in there and you donate some very worth while, inexpensive material; clean looking, no junk, and pray to God and thank Him that you can help these boys and girls who have so proudly given of themselves for the safety of you, your family and the glorious nation in which we are fortunate in living. Thank God you can give instead of having had it confiscated by some lousy nazi or Jap. Don't read this and forget it. Remember it.

I would appreciate the various committees letting me know just who the dealers are who gave junk when they were called upon. I'd like to print their names in large type, because any dealer—well, forget it. There isn't a red blooded stamp dealer who won't be darned glad to give and give plenty, and from what I have seen in hospitals, I can tell you that not hundreds, but thousands of fine young Americans will bless you and thank God you remembered

to remember them.

This is an excellent time to hit Uncle Harry Weiss. Just let him donate Barn #32. Uncle has a big heart, I mean that sincerely, and you can count on plenty from him.

LISTEN to the QUIET

The Campaign is over. Let's skip the post-mortems and get back on the job.

If you still have to celebrate—or seek consolation—get busy with your stamp albums. You can have fun and you won't annoy your neighbors. There are rich new fields to play in—the Chinese war-time issues, France, Russia. And this is a good time to check your older issues. So pull your self together and send Scott a want list.

DID YOU KNOW...
that stamps bring very high prices on the current market?

We are willing and able to follow this trend and are prepared to pay cash prices for stamps whether they are in the form of a highly specialized collection or just "dumped" into a shoe box. At the moment, we are also interested in cheap and medium-priced used U. S. postage and revenue in quantities of 100 or more.

Drop us a line and let us know what you have to offer won't you?

POSTAGE STAMP PARADE

JOSEPH J. GOLDBERG, Editor
4735 N. Bernard St. Chicago 25, Ill.

ALGERIA—In 1938 the 20c green type A2 was reissued in bright green, precancelled. This stamp has now been surcharged in red "T. O.50" changing its classification to postage due. It is the first postage due stamp issued since 1932.

—Madison Stamp Co.
ARGENTINE REPUBLIC—Commemoratives. Two stamps for the Fourth Eucharistic Congress were released on October 11, 1944. The 5 centavo rose depicts the Cross erected at Pal-

ermo during the Congress of 1934 when the present Pope, then Cardinal Pacelli, visited Argentina. The 3 centavo yellow-green pictures Saint Gabriel in flowing robes. A special booth was set up for cancellation of first day covers and 1st day covers have a special cancel.

—Elm Stamp Co.
CHINA—Sinkiang—The Thrift Propaganda souvenir sheet of 1941 has been overprinted in Chinese "Use limited to Sinkiang Province only." A correspondent in Chungking states the quantity may be only 3,000. We have seen several of these sheets cancelled in Tihwa with the commemorative chop of Generalissimo Chiang Kai-shek dated October 10, 1943.

—Scott Stamp & Coin Co.
COLOMBIA—Commemoratives. A set of 2 stamps was issued to mark the 75th anniversary of the Constitution of the Junta General de Beneficencia of Cundinamarca. The 2c stamp is light

blue and yellow, is appropriately worded and features the Colombian flag. The 5c is also light blue and yellow and features the Arms of Beneficencia.

—N. Y. Sun

COOK ISLANDS—Postage. It is reported that the 1sh. value of the current issue has been released on the "all-over" watermarked paper.

FRANCE—From Daniel Zirinsky has come a 2Fr. Prisoner of War adhesive, portraying a French soldier in a prison camp. Printed in brown the adhesive bears the initials "C. G. P. G. R." in the upper left, and the regular inscription denoting use in the lower portion.

NIUE—Postage. It is reported that the 1/2d. value now exists,

printed on the "all-over" watermarked paper.

VENEZUELA Air Mail—On October 24th, the Simon Bolivar type air mail set was finally completed with the issuance of the 5 Bolivar brown.

IS KOREAN FLAG WRONG

Continued From Page 1

Make careful drawings and indicate position of the colors in the central design. Let us find out if anyone knows just what is right and proper for this Korean flag.

With further reference to this new stamp, there is a big delay somewhere in its distribution. Rumors from Washington lead to various beliefs and one is that the perforating job was so bad that there is difficulty in picking an ample supply of fine sheets for Agency sales. All the other flag stamps were on sale at the Sidney, Ohio postoffice on the day following their release at Washington and here a week later, the supply has not yet arrived altho long on requisition.

A U. S. ERROR—Special Offer

Every collector prizes the errors and oddities in his collection but many do not have the opportunity to purchase one while the price is still within his budget.

I have recently acquired one of the few remaining lots of one of the most promising recent U. S. errors. The 1 1/2c Presidential #805 (Bureau printed St. Louis, Mo.) completely imperforate vertical. Regularly priced (by one of the largest dealers of US) at \$4.00 for a pair and \$12.00 per block, this interesting error is sure to increase in value and soon be beyond the purse of the average collector.

While my supply lasts I am going to play Santa Claus by offering this scarce item at special prices that EVERY collector can afford.

#805—Pair completely imperforate between.....\$2.00

#805—Block with one pair completely imperf between and other pair with only one or two blind perfs (an interesting oddity with the error).....\$2.35

#805—Block of 4 completely imperforate vertically.....\$6.75

If you would like pairs with one or two blind perfs only we have a few that we can offer with order of any of above at 25c per pair.

Picture Postcards

In lining up the lists for the new Year Book, I noticed how few of our members have registered an interest in classes E, F, G and H, which cover the various types and forms of patriotic picture postcards.

I wonder if we are not neglecting a branch of patriotic material that may more completely and pictorially record the true history of this conflict than a large percentage of the covers we are exchanging today.

From time to time I receive postcards from members in the armed services notifying me of changes of address, etc., and many of these are photographic reproductions of various branches of the service in training. Although I never ran across any of these cards in civilian stores, I understand they are sold in the Army P. X. stores at the various camps and cantonments. It might be well for you to make an effort to obtain a representative group of them mailed from the stamps by servicemen collectors.

The past year has seen a tremendous increase in the production of "private patriotics" or to be more trite, the "kitchen printers" have run amuck so that today it is safe to estimate that seventy-five percent of the covers in circulation are of these inferior types. This is no reflection on the intention of the designers of these covers but the natural result of the limited facilities of the creators of them. Unfortunately, while it is the privilege of the collectors to choose their own form of entertainment, this development has resulted in a serious decline in the quality of the art factor in the patriotic covers of today.

I have a hunch that the collector of the future of patriotic and war material will have a higher regard for the actual photographs of "G. I. Joe" in action that he will find on the postcards of this era than the distorted and inferior drawings of him that he will find on the covers of Charlie Kuckmuckus or Sidney Smith. Think it over.

Ken Miller Covers

Congratulations to Cox & Phillips on the nice memorial cover they have issued to honor Cpl. Ken Miller, member #376, the first of our Club to give his life for his country. While we're on the subject, the recent set of covers these boys produced in a multitude of shades of bronze were an outstanding example of what a couple of fellows can do in a cellar for the future decoration of the attic. While it is a fact that Magnus used bronze and gilt to effective advantage in his classic covers of the Civil War period, the old gentleman would have turned over in his grave had he seen the old scrap cuts of wrist watches and bicycles that these boys used to illustrate their themes. have been far more constructive to have economized on the variety of bronze powders used and invested the savings in cuts of more timely and original design. If you can't afford to obtain good cuts of an original or patriotic nature, it would be far better to follow the example of Linto who does a good job without the use of pictures.

AIR MAIL COVERS

JAMUEL S. GOLDSTICKER, JR. (Dept. Ed.)
 157 Mt Prospect Avenue Newark 4 N. J.
 Martinsburg, West Virginia,
 dedicated their airport on Saturday, November 4th, with appropriate ceremonies. As is customary with Airport Dedications, the local Chamber of Commerce handled covers for collectors. There were no cachets applied to any of the covers which I have seen thus far, but in the lower-left-hand corner is written in ink "Dedication Of Martinsburg, W. Va. Airport" and signed by the Mayor. Covers are postmarked on November 4th 12-30 PM.

This affair was scheduled to occur on October 28th, but was most likely postponed for a week.

Effective Wednesday, November 1st, Eastern Airlines, Inc., extended their routes AM-5 (New York-San Antonio) and AM-6 (New York-Miami) northward from New York City to Boston. Despite the fact that both of these routes are identical between New York and Boston; there was no mixup of any kind so far as the dispatching of the covers was concerned, and it is safe to assume that all covers intended for AM-5 (which was the later flight) were held for that flight. There was no cachets or other philatelic markings applied to any of the covers.

Covers are postmarked as follows:
 New York City Postoffice: AM-6 2:00 AM AM-5 3:00 AM.
 New York City Airmail Field: AM-6 4:00 PM AM-5 1:00 PM.
 Boston, Mass. Postoffice AM-6 7:00 AM AM-5 1:30 PM.
 Boston, Mass. Airmail Field AM-6 10:00 AM AM-5 4:00 PM.

were cancelled at the South Postal Annex.

Covers addressed c/o General Delivery New York were back-stamped at General Delivery (Church St. Annex) New York N. Y. on November 2, 1944.

Covers addressed c/o General Delivery at Boston received timed backstamps as follows:
 From: New York Postoffice, AM-6 Nov. 1, 4-PM AM-5 Nov. 1, 3-PM.
 From: New York Airmail Field Nov. 2, 8-AM AM-5 Nov. 2, 8-AM

Some AM-5 covers from the New York Postoffice were back-stamped at Boston General Delivery Nov. 1 6-PM and back-stamped a second time Nov. 2, 8-AM.

There appears to be some type of a mixup here among backstamps, with some covers being backstamped at times earlier than the AMF cancels. This was undoubtedly due to the flights being postponed (or should I say delayed) since Nov. 1st was a very foggy day in this area and most of the morning flights were unquestionably cancelled.

Within a couple of weeks, I hope to have the full information about this flight, cancellations, pilots, quantities of covers, etc.
 Huntsville, Alabama, was added to AM-55 on Sunday, November 5th. Full details next week.
